TDS Total Design Sublimation

- Unlike screen printing, where the ink lays on the surface, TDS impregnates the dye into the fabric itself.
- The Total Design concept starts with a design of your choosing OR a choice from our library of designs. Submit your graphics in EPS format for team name or logo. This becomes part of the "total" design concept. The entire fabric is sublimated in one step, with a transformation taking place with the special dyes and the fabric itself.
- The variety of designs and number of colors is limited only by your imagination.
- Minimum order is 15 singlets.

MMH WC Bucketless Mat Mop

Hands down the most efficient, cost effective mop on the market. In fact, the Bucketless Mat Mop, used with a disinfectant mat cleaner, costs 83% less per use than the traditional mop and bucket method.

Price: \$199.95 per mop set

MH76 Bucketless Mat Mop Microfiber Heads

The Bucketless Mat Mop Heads utilize microfiber technology which enables the mop head to "scoop" and "trap" soil off the mat. When applied, the microfibers split and literally scoop dirt off the mat until released by laundering or rinsing.

Price: \$19.95 per head or \$17.50 each for 5 or more
